

Proportional Giving

In order to support you in your Members' Agreement regarding proportional giving we have included a proportional giving chart. Part of our commitment in the Members' agreement is to support each other in growing toward proportional giving. If you don't already consider your giving in relation to your income, we invite you to take that step. If you already give proportionally, we invite you to consider what it might mean for you to stretch the percentage in the coming year, growing toward a tithe. The chart below will help you look at the amount of your monthly pledge to SGN based on your annual income and the percentage that you want to pledge to the church:
